- Observe all warnings and cautions.

Size

For fixation, you have the choice between M8 and M10

WARNINGS

Ensure that the mounting location and fasteners can support at least 4 times the weight of all the installed cabinets, auxiliary equipment and cables.

Use only the provided screws (thread lock coated) and accessories.

For free-hanging installation, fixing at one point in the center is permissible.

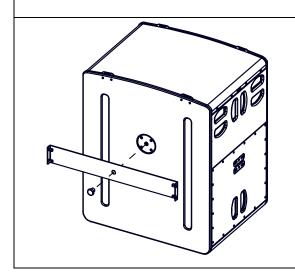

For rigid installation with tilt angle, fixation at two outer hanging points necessary.

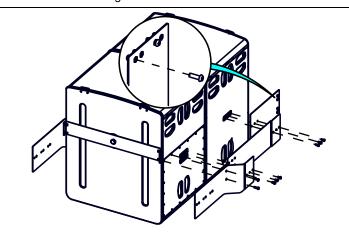

Implementation 2x B218 or L20+B218 - M210 with HF block in "Wide" position

Place B118 on the back. Assemble H plate by screwing M20x20 screw, do not tighten completely.

Prepare the Main plates by screwing the M10x18 screws on the holes (see picture below), do not tighten completely and leave at least 6mm.

Assemble the Plates on each side of B218/L20 using the M10x18 screws. Use M10x30 for H Plate. Tighten M20x20.

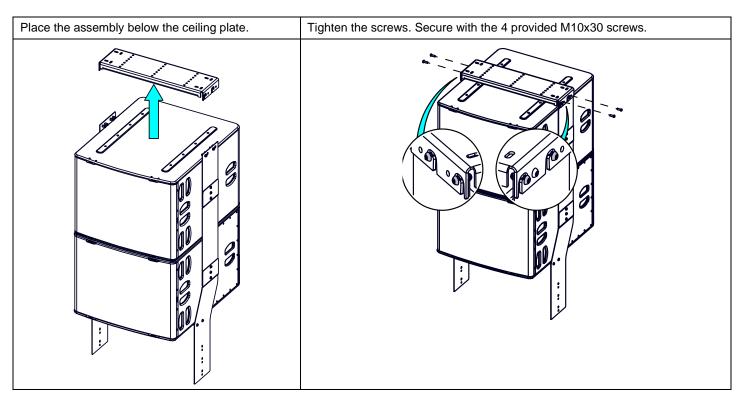

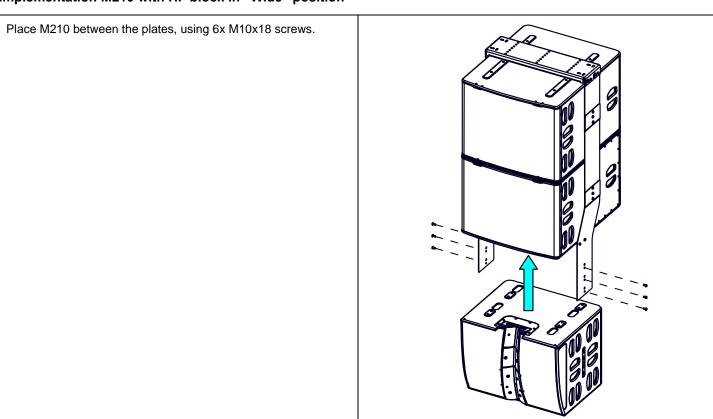

- Keep this document.

- Observe all warnings and cautions.
